## Introducing the Clayton County Youth Commission

The Clayton County Youth Commission was established on March 3, 2015, as an advisory board to the Board of Commissioners. The Commission integrates the youth voice into local policymaking by researching youth issues and concerns, relating their findings and positions to local policy makers, and engaging the community to create positive change.

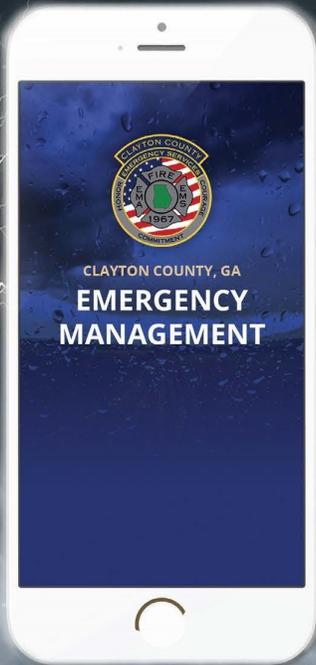

The Commission shall organize activities to help educate and motivate the youth of Clayton County to participate in the local political process.

The Commission is constructed of nine youths from the County ages fourteen through eighteen.

Each member of the Board of Commissioners has selected two youths to serve on the Commission, and the Chairman has selected one youth.

In its first year of existence the newly formed Clayton County Youth Commission will attend the ACCG (Association County Commissioners of Georgia) 2016 Youth Caucus on April 30-May 1.
