“UPDATED- Clayton County Fire & Emergency Services Unveils Their New Medical Transport Units”

Riverdale, Ga.- On July 16, 2015 at 11:00am, the Clayton County Fire & Emergency Services will unveil four of their newest fleet of Medical Transport Units.

This unveiling is the first phase of the department's Vehicle Replacement Initiative. This initiative is funded by the 2015 SPLOST that was voted in by the citizens of Clayton County. These new units will be replacing an older fleet that will help save the department, and ultimately the taxpayers, money.

The units are the 2015 Chevy G4500 Series Ambulances that have a smaller chassis than the current fleet of 2000-03 Ford E450 Ambulances that are currently in-service. These units will replace the current medical units serving Station #2 (Hwy 42), Station #4 (East Fayetteville Rd.), Station #5 (Walt Stevens Rd), and Station #11 (Hwy 85). In addition, these new units will be servicing every commission district in the county.

The unveiling will be held on the training grounds of Fire Department Headquarters located at 7810 Hwy 85 Riverdale, 30274.

For more information please contact Battalion Chief David Vazquez.
